Budget Committee's Report

To the Citizens and Voters of Enfield :

The ever present problem of taxes has been in the minds of the Budget Committee in all our deliberations. We have been confronted with a decrease in assessed valuation on the one hand and a desire for maintaining the standards which this town has raised on the other, with an increase in tax rate as a result if caution is not exercised.

There was a \$39331.00 drop in valuation in 1938, and we anticipate a further drop this next year due to Hurricane Destruction. The Selectmen estimate this amount to be in excess of \$50000.00.

Realizing that this means an increase in tax rate of \$1.50 per \$1000.00 of valuation, if we raise an amount equal to last years Budget, we have tried to prepare a Budget which will be acceptable to our needs and yet not increase our tax rate.

Revenue from sources other than property taxes are variable,—but it is felt that this years receipts are an acceptable estimate for next year.

General Government estimates are not increased and are comparable to those of two years ago.

Protection of Persons and Property remains the same as appropriated this year.

Expenditures for Health this year were not as

much as the amount appropriated, so we have lowered the estimate for next year.

Under Highways and Bridges, Oiling has been increased. This expenditure will maintain our present oiled roads and take on Pillsbury St., and May St. thus continuing a plan which will be a benefit to the town and a saving on maintenance.

Brush, and Roller and Tractor estimates are not increased.

Due to a saving on upkeep of Shaker Bridge and the fact that we have a sufficient quantity of planking for bridge needs, the Bridges estimate was reduced to \$500.00.

For Town Maintenance we recommend an increase of \$200.00 for Summer use. This amount to be used to augment the Summer expenditures so as to help repair and maintain the Shaker Hill road.

Public Welfare is based on last years' expenditures and represents a saving of \$400 00.

Libraries, Patriotic Purposes, and Interest remain about the same.

Highways and Bridges (new construction) presents a problem.

Due to financial conditions, the State Highway Dept. can only allot money for State Aid Construction on a ratio of 1 to 1 and then only to the extent of \$1921. That is Town \$1921.—State \$1921. This State Aid money can only be spent on the Fourth New Hampshire Turnpike and (or) Shaker Hill road.

Gravel Money (Town Road Aid) can be had from the state on a ratio of 1-4. Town 697.98—State 2791.93 and can only be used on Class V roads. Not Fourth New Hampshire Turnpike nor Shaker Hill road.

A third plan is available this year under which the State Highway Dept. will allot us: First—State Aid Construction money to the extent of \$500 00 to be

matched by \$500.00 from the town to be spent on the 4th N. H. Turnpike. Second-Town Road Aid money to the amount of \$1991.92, if matched by \$497.98 from the town, to be applied on Class V roads only.

Our Class V. Roads need gravelling as well as general up-keep. The Corner formed by George Hill road and the Turnpike presents a source of highway trouble which should be remedied. Shaker Hill road should be reconditioned for the traffic it will have to bear pending the construction of Shaker Bridge:

Under plan No. 1 State Aid Construction money totaling \$3842.00 would further extend the Turnpike and take care of the drainage condition, but by accepting this we would lose the Gravel money. If this \$3842.00 were used on the Shaker Hill road it would not go more than one-half a mile, and again we would lose the Gravel Money.

Under Plan No. 2, Town Road Aid Money would greatly help our Class V roads, but would still leave us with the conditions at the Turnpike Corner.

Under Plan No. 3, we can accept State Aid Construction Money (\$500.00—\$500.00) for use on the Turnpike and eliminate the bad spot at the Corner saving ourselves expense every Spring from washouts and maintenance. Under this same plan we can also accept Town Road Aid (\$497.98—\$1991.98) and use this Gravel money on our Town roads to a great advantage.

We have already recommended a \$200.00 increase in Summer Maintenance to help in reconditioning Shaker Hill road and now we recommend that the Town accept Plan No. 3 of the State Highway Dept.

State and County Taxes are always indefinite so a sum has been estimated to cover a probable increase.

Although the School Budget has been increased, the estimate for School Taxes has been lowered \$1,000.00 due to an increase in estimated income and a cash balance on hand.

You will note that we have a deficit of \$256 00 this year. The committee accepted the recommendations of the Selectmen that we carry this deficit rather than borrow money at this time.

In the face of difficulties our Selectmen have done well this year and are to be complimented on their abilities in handling our town accounts. Altho they were authorized to borrow a total of \$7,250.00 for Lake Road, Hurricane Damage, and Bridge Investigation, they were able to meet all obligations to within \$256.00 without borrowing. This is obviously a contribution toward a lower tax rate.

We wish to thank the town officers for their wholehearted co-operation.

On a basis of the Budget submitted with the usual overlay and this years assessed valuation we estimate the tax rate to be \$3.53 per hundred dollars of valuation. But we feel that the assessed valuation will drop at least \$50000.00 next year indicating a tax rate of \$3.675 to be a reasonable estimate.

For every \$1,000.00 added to the present Budget the Tax Rate will show an increase of \$.81 per \$1000.00 of valuation or \$.081 per \$100.00 of valuation.

Respectfully Submitted,
MELVIN B. DUNBAR, Chairman
EDGAR R. CUMMINGS, Secretary

Warrant

The State of New Hampshire

(L. S.)

TO THE INHABITANTS:—OF THE TOWN OF
ENFIELD QUALIFIED TO VOTE IN
TOWN AFFAIRS:

You are hereby notified to meet in Whitney Hall in said Town of Enfield on the FOURTEENTH day of MARCH next at NINE of the clock in the Forenoon of said day to act on the following subjects:

Art. 1. To choose all necessary Town Officers required by law to be chosen for the ensuing year:

Art. 2. To choose one Trustee for three years for the purpose of holding all Trust Funds of the town:

Art. 3. To see if the town will vote to accept the Budget as prepared by the Budget Committee, or act thereon:

Art. 4. To see what action the town will take with regard to authorizing the Selectmen to borrow such sum, or sums, of money as they shall deem necessary in anticipation of taxes and the sums so borrowed to be paid during the ensuing year:

Art. 5. To see if the town will vote to accept One Hundred Dollars from Louise Sinclair as a trust fund the income therefrom to be used for the perpetual care of the Sinclair lot, socalled in the George Hill Cemetery; Also the bequest of Lula M. Morrison of One Hundred dollars as a trust fund with the income therefrom to be used for the perpetual care of the Ebenezer Little lot in Enfield Center Cemetery, or act thereon:

Art. 6, To see if the town will vote to establish a Municipal Court and raise money in excess of that required by law to pay the Justice thereof:

Art. 7. Pursuant to a petition of ten legal voters:— to see if the town will vote to grade and oil Pillsbury Street and raise money for the same; or act thereon:— Also pursuant to a petition—To see if the town will vote to resurface and oil that section of "May" street which extends northerly from the May Street Market (formerly the store of Henry A. Laramie) on said street to a point opposite the former residence of Frank Quimby, a distance of 2-10 of a mile and raise money for the same Or, act thereon:

Art, 8. To see if the town will vote to abandon the highway—Beginning 100 feet southerly of the Charles R. Hubbard house and running southerly to the intersection of the Slack road, socalled, on Methodist Hill in said Enfield, or act thereon:

Art. 9. To see if the town will vote to authorize the Selectmen to sell the Strate House on such terms and for such price as to them may seem adequate and cause a proper deed of the same to be executed.

Art. 14. Pursuant to a petition of ten legal voters:—To see if the town will vote the free use of Whitney Hall six (6) nights yearly by the Recreational Projects Committee, socalled, or act thereon:

Art. 10. To see if the town will vote to authorize the Selectmen to purchase and sell, either or both, the property known as the Standard Oil Company property on Shedd Street, Socalled, in said Enfield, at a price deemed by them to be satisfactory and to be paid for out of any unexpended balance in their hands:

Art. 11. To see what further action, if any, the town will take with regard to Shaker Bridge:

Art. 12. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relating thereto:

Art. 13. To take any vote or transact any further business that may legally come before said meeting:

Given under our hands and seals this TWENTY-FIFTH day of FEBRUARY, A. D. 1939.

B. WAYNE CAMPBELL
EUGENE H. KING
ISAAC H. SANBORN,
Selectmen of Enfield.

A true copy of Warrant—Attest.

B. WAYNE CAMPBELL

Over 500 books have been added to the library collection this past year. Of these about 335 were regular purchases of books and bound magazines. The remainder were gifts—the largest number the library has received in any one year. The sincere thanks of the libr-

arian and the trustees goes to the following people who have been responsible for these gifts: Mrs. Frank Williams, Mrs. Dorothy Dunbar, Mrs. C. E. Schedler, Mrs. J. Bennett, Mrs. Harold Moody, Mrs. Val M. Clough, Mrs. Gertrude Stewart, George Nutter, Eunice Durfee, Norma Hart, Mrs. Hedstrom, Mrs. LaFlamme, Mrs. Mae Campbell, Mrs. Louise Ring, Mrs. H. H. Pratt, of Enfield; Dr. G. C. Stewart, Mrs. Elsie Lilley of Hanover and to the Baker Library of Dartmouth College for a 24 volume set of the Encyclopedia Britannica. Mrs. Stella Dorothy contributed a 10 year subscription to the Country Gentleman and the Athena Club a year's subscription to a young people's magazine, World Horizons. A large number of books have been borrowed from the State Public Library Commission and from Baker Library at Hanover. Thru the State Public Library Commission W. P. A. project a worker was assigned to this library for a large part of the year and a great deal of excellent work accomplished in the way of mending, typing of catalogue cards, work on picture collection and historical scrapbooks, etc. This project ended January 30, 1939 but is expected that a new one will be soon underway and we hope in this manner to complete our card catalogue this coming year. The librarian attended the library regional meeting at Manchester, Vt., and with the assistant librarian also attended the state meeting at Durham. The staff have found the new arrangement of the library rooms most satisfactory, both in the way of providing more suitable work quarters, and for a better display of books and a convenient separation of adult and juvenile reading room. They wish to express to Mr. S. W. Hays their appreciation of his generosity and help in making possible these changes. The librarian has only praise for the splendid work of the staff and for the cooperation of the board of Trustees during the entire year.

NELLIE L. PIERCE, Librarian.

ANNUAL REPORT

OF THE

Enfield School District

Enfield - New Hampshire

1939

The School Board of the School District of Enfield is continuing the policy of presenting to the School District each year the financial report of the receipts, and expenditures of the department and an estimated budget for the operation of the schools for the succeeding year. These documents, together with the report of the Superintendent of the Schools, constitute the School Report to the Enfield School District.

MR. JOHN H. NOONAN

MR. VAL M. CLOUGH

MRS. LOUISA M. STRATTON.

Enfield School Board Budget

1939 ... 1940

Report of the Superintendent of Schools

To the School Board and Citizens of Enfield:

The State Law and the regulations of the State Board of Education require that an annual report shall be prepared by the School Board and the superintendent. This report, which is the fifth by the present writer and one of the series of reports for the School Boards, has been prepared in keeping with that regulation.

Purpose

This report will not vary materially from those of the past few years. It will consider some of the ways in which the schools are trying to meet the desirable objectives of an all-round education. It will present the usual financial records and statistics, together with the nurse's report. Such recommendations as may be put forward will be only those which represent minimum changes and not additional financial outlay.

Teachers

There have been but two changes in the teaching staff since the last report. The commercial teacher, Miss Downing, resigned to accept a more desirable position in Plymouth. She was succeeded by Miss Mary Puglisi. Miss Ruth Hazelton asked to be released in September because of marriage, and Miss Ethel Croteau was secured to finish the balance of the school year. The fact that so many of the teachers of Enfield have been retained for a reasonable number of years speaks well for the community itself. It shows on the one

hand, a willingness to support a good educational program, and on the other, that the living conditions and community cooperation help to make the school work pleasant. We may well remind ourselves that whenever a school community is able to maintain a fairly constant teaching staff greater progress is made than when the reverse is true. Several advantages accrue because of these conditions. The teachers themselves become better acquainted with the needs of the community. They find it possible to assist more and more in community affairs. Many times teachers who move from one school to another do not accumulate sufficient capital to make it possible to attend summer schools. Enfield may be justly proud that one-third of her teachers found it possible to take post-graduate courses in education during the summer months of 1938. The outcome of such courses has been reflected in the work of the schools during the first half of the current school year.

Pupils

The number of pupils continue to increase by a small number each year. These increases could be taken care of easily were it not for the fact that the greatest increases are in the High School. The number has increased practically one-third in the last four years until, it will be noted in this report, in the four upper grades there are now enrolled 80 pupils. This accounts for the need for the additional teaching service which was authorized two years ago.

Pupil Enrollment and Distribution

School	I	II	III	IV	V	VI	VII	VIII	Total
Village	31	27	24	24	20	25	22	33	206
High	IX	X	XI	XII					
	29	16	21	14					80
Center	I	II	III	IV	V	VI			
	4	4	5	2	2	1			18
Grand Total									304

There seems to have been fewer withdrawals from the schools and a somewhat lesser tendency to move from one area to another. It is almost impossible to predict just what will be the school population trends in future years. It would appear certain that if economic conditions remain practically as they are now, improving a little, the number of pupils will continue to grow. It is also true that there will be a greater tendency for pupils to remain through the High School because of the Federal Law relating to the employment of minors. This will tend to increase the age limit of young people to 18 before opportunities for work can be had by them very generally. These factors must always be kept in mind when considering the financial outlook and needs for the operation of the schools.

Fundamentals

It is a basic need for boys and girls of the high school age to engage in physical as well as social activities. This basic principle points very definitely to the need for more, instead of less, physical and social activities in the public school. The teachers of the schools have helped in this regard by carrying on the activities known as Boy Scouts, Girl Scouts, and Cub Scouts. They recognise the greater need for physical activities through the work which has been done on the playground at Huse Field, the games which have been played there, and the skiing which is being carried on during the winter months. These are all desirable and necessary adjuncts toward retaining the interests and enthusiasm of the young people for the school and school work. To be sure, these games and their competitive aspects should not reach the stage of exploitation of the young people from the standpoint of winning without due regard to health, fair play, and the other learnings which may be summed up in the

one term "team play." The above consideration may give to the citizens of Enfield some of the reasons why those who are connected with their schools believe in, and support and help to promote, such activities. While, in the end, the major outcome of school work should be an ability to use the knowledge gained in the school, the learning itself must be had by the pupil. His interest, his drive, his personal desire to learn will do much more than any forced learning brought about by stern disciplinary measures or by material rewards, which sometimes cause pupils to learn for the moment material which they forget when it becomes "cold"

Guidance

A meager beginning has been made during the past few years in the field of Pupil Guidance. The Senior classes have been aided in some of their choices by the Y. M. C. A. Secretary of Hartford. There have been purchased for the schools analysis of something like 50 or 60 different occupations. These are available to the pupils for perusal in aiding them to acquire some knowledge of many different occupations. The teachers have, so far as is possible in addition to their regular school work given of their time and interest toward assisting the young people in choosing their next educational steps and, in some cases, selecting a field of activity within which they might hope to earn a livelihood.

It is true that only a beginning has been made. The necessity for so much work on the part of the teachers with full teaching programs precludes somewhat their helpfulness to the young people in regard to these life choices, but it were better that some effort along this line be made than that all the young people be allowed to drift and, in the end, possibly become what are known as "floaters."

Health

The health work in the schools is carried on largely through the aid of a school nurse. Enfield has joined with several other towns in the employment of such a person. This year it happened that Miss Moynihan, who had served us efficiently for two years, was superseded by Miss Helen Hertz. Since Miss Hertz could not be with us at the very beginning of the school year, a substitute nurse was employed to carry on the work. It is planned that the work which was inaugurated by Miss Moynihan will be continued and that as many of the boys and girls as possible will receive adequate and effective medical attention. It is not possible for any school system to do all of the things that may need to be done physically for correction of defects of the young people, so that it becomes necessary for aid to be received from many sources. Your superintendent joins heartily in the appreciation expressed by Miss Moynihan in her report ending June 30, for all of the agencies which have helped in any way to make for the better physical well-being of the younger children. Parents are urged to cooperate to the fullest extent with the school nurse and with the several physicians who may make definite recommendations for such corrective treatments as seem to be indicated through proper diagnosis.

United Effort

One of the surest ways for the successful completion of any type of community enterprise is for all of the various agencies in the community to work together for the common purpose. Enfield has accepted this idea in many of the activities connected with the schools and the young people of the community. One evidence of

this is the effort to improve the Huse Park as a playground for the young people. Another evidence is the willingness of parents to support the school in its endeavor to provide a little more opportunity for learning than is set up in a program of studies. Still another evidence is the willingness of parents and citizens to meet with the teachers at the school to consider the actual workings of the school. It is evident also in the willingness of the appropriating bodies to assist the schools in securing sufficient funds to meet the needed expenses of the department. It can be truly said, then, that Enfield recognises the principle and is doing its part toward bringing about a better environmental condition for the boys and girls of the town.

The school Board, teachers, and pupils appreciate these many contributions toward a better educational opportunity. Every individual connected with the schools, in recognition of such united effort, is putting forth whole-heartedly his best efforts in carrying on the duties which have been assigned to him.

Respectfully submitted,

ROBERT J. FULLER.

Report of School Nurse

Enfield, N. H.
January 1, 1938

Mr. Robert J. Fuller
Supt. of Schools,
Hanover, N. H.

Dear Sir.

I respectfully submit the following report as School Nurse of Enfield from January 1, 1938 to July 30, 1938.

Inspection in Enfield Schools showed the following defects:

- 281 pupils were examined
- 25 pupils were 10% underweight
- 10 pupils showed defective vision
- 3 pupils showed a slight degree of anaemia
- 1 pupil was found in a nervous condition
- 76 pupils were in need of dental care
- 18 pupils had enlarged or diseased tonsils
- 1 pupil had defective speech
- 88 visits were made in homes
- 233 visits were made in schools
- 1 boy at Center School had glasses.

7 pupils were taken to Dr. Dunbar's office for eye examinations and fitted with glasses. Funds for glasses were received from State Welfare Department.

Eye Defect of first grade boy was corrected privately.

Boy in Grade 3 was taken to Dr. Coyle's office, Mary Hitchcock Hospital for eye examinations and recheck of Cataract. Funds were received from State Welfare Department.

Girl in Grade 8 taken to eye Clinic at Hanover for eye examinations. Funds were received from Athena Club.

Girl in Grade 5 taken to Dr. Coyle's Office at Hanover four times for treatment of ear. This was made possible through funds received from the Lebanon Relief Office.

Girl with injured finger and boy with infected head taken to Dr. Wilson's Office for treatment. Funds were received from the Red Cross and Visiting Nurses fund's.

Girl in Grade 6 and 12 taken to underweight clinic at Lebanon two times for chest examination. Taken to Hanover Hospital for chest x-rays'' Funds for x-ray were received from New Hampshire T. B. Association.

Enfield Center girl taken twice to the Mental Hygiene Clinic at State Hospital.

8 Tonsil operations were held at Hanover Hospital in June.

Free bed was used for one case.

Pre-school child was taken to cripple children's clinic at Manchester, was found to have a congenital dislocated hip. Fracture was reduced and child was placed in a cast for four months. Operation and hospital expenses were made possible through funds received from New Hampshire Cripple Children's Association.

Boy in Grade 12 was taken to Cripple Children's Clinic at Keene, was hospitalized and received treatment for Arthritis. Funds for hospital expenses were received from State Cripple Children's Association

I wish to express my appreciation to members of the School Board, Mr. Moody, Mr. Fuller, Dr. Wilson, Dr. Dunbar, Mrs. Nellie Pierce, Mrs. Neil Campbell, Selectmen, Athena Club, Red Cross, and Officers of the Visiting nurses funds. I want to thank Mr. Clark and the parents and teachers for their daily cooperation in making possible the health program.

Respectfully submitted,

Eleanor Moynihan Adamowicz, R. N.

School Nurse.
